2. Boundaries and Bond

Doree discussed an extended day and how it works. The district is looking at making Bluffdale and Riverside to go to extended day schedule next year. Possibility for Daybreak in the future.

Susan Pulsipher said the district is looking at a bond in the \$250 million range. That would be about \$15-30/year for a \$250,000 house. It would be a 20 year bond. Boundaries will change in 2017 when new schools open in Daybreak and Herriman. District has put a lot of work into making changes (based on feedback they received) from the last bond considered. 5 year construction plan is always being revised.
